Our commitment to excellence

We are a locally owned and operated family business operating in the Bendigo & surrounding areas. Our team has been in the construction industry for the past 33 years with a solid reputation built on product knowledge, The Doye family name has always stood for excellent communication, quality workmanship & customer service.

We provide the full service from designing your new outdoor entertainment area to completion, including council permit, concreting, brickwork & electrical.

Being a Fielders authorized dealer we have access to Australia's leading patio & pergola system, our aim is to offer our clients the latest products on the market today.

Fieldsers Centenary Carports, Patios and Verandahs

A Fieldsers attached or freestanding Centenary Carport, Verandah or Patio is the perfect finishing touch to your home. Sturdy yet stylish, the Centenary range will add value and living space to your home – whether as a sheltered outdoor area for family and friends, for special entertaining occasions, or covered protection for your car, a Centenary addition can bring the outside in. Compare for yourself, you will find the Centenary range gives you a lot more for your money.

Now that's entertaining!

Gable

The gable unit can be attached to an existing structure or installed as a freestanding unit. Centenary's gables are available in 15, 20, 25 or 30-degree roof pitches, the greatest variety of pre-engineered carports on the market today.

Combination

Like other products in the Centenary Patios Carports & Verandah range, the combination uses both 108mm and 158mm portals, enabling greater flexibility. Available with a high gloss finish, in either Hi-Rib, Centenary Deck, Corrugate or insulated roofing, the Centenary combination is sure to add value to your existing home.

Curved Roof

The Curved structure is modern twist to the existing range of designs and is already fast becoming a favourite in many Australian yards.

Privacy Screens

We offer a large range of locally custom made privacy screens for you to select from.

Whether it's a screen to block the neighbours view or to provide some shelter from the wind, sun or rain we have a design to fit your needs.

Sunroof

Keep the sun out or protect outdoor entertaining areas from rain. Designed to complement the style of your home, a Vergola will open up new opportunities for better living!

Flat roof

It features colour coated external brackets, which make installations that much easier. The Flat Roof Verandah is extremely flexible in its design that allows various roofing and guttering profiles to be used.

Decking

With a variety of colours and various beam sizes available, The system has been specifically designed to complement the Fielders Centenary range of patios and verandahs to complete your new outdoor living space.

Commercial

We offer each client excellent communication in each step of the project, from submission of Council building permits to complying with all relevant health & safety codes, our reputation for prompt & efficient service is second to none.

We also offer one of the best factory warranties available, being a Platinum Fielders distributor we all our projects come with a full 25 year guarantee.

Custom design

With a huge range of products available we enjoy the challenge to create patios with personality.

Whether it be an Intersecting Gable, Gazebo Shaped Design or T-Shaped Designs, the options are endless. Our specialised design team can assist you to create the design of your dreams.

Insulated

This product also offers as much benefit in winter with its ability to resist condensation where other single skin products struggle. Constructed in any of our design range whether gable, flat, combination or the Outdoor Room.

Carports

Flat designs available with a roof pitch from 1 degree or gable roof pitches of 15, 20, 25 and 30 degrees, there is a pitch to compliment any existing house roof.

Our large 158mm portal beams enables opening widths beyond 10 metres, combined with Fielders unique structural side beam, eliminating unsightly columns.

Design your Centenary

The Fielders Centenary range utilises a unique chamfered two-piece double thickness box beam, which provides greater strength with stylish looks for that valuable addition to your home. The beams and columns come pre-cut and punched to suit individual design applications as well as being protectively packaged to eliminate scratching or damage.

The Fielders Centenary Range provides a level of flexibility unmatched by other manufacturers. You can specify your carport in any length and width beyond 10 metres. Roofing comes in a modern range of COLORBOND® steel colours with steel, polycarbonate and gable infill profiles. Plus the range is engineered to the latest Australian Standards (AS4600) to ensure compliance with safety and building codes and to simplify the council approval process.

Outdoor Rooms

Outdoor rooms can be completely custom designed to fit in with any available space, whether it's an open alfresco design with privacy screens for summer use or a completely insulated living room for use all year round. How about a backyard kitchen Gordon Ramsey would be envious of, an extra lounge with a huge TV footy nights or an extra room for when unexpected friends drop over, the possibilities are endless.

Cantilever Designs

Cantilevers designs deliver a modern look and through their unique engineering, offer the consumer protection from the elements and additional entertaining space by removing the need for support posts.
